

OBTAINING A BINGO OR RAFFLE LICENSE

All organizations applying for a Bingo or Raffle License must have a registration certificate issued by the State. Visit <https://www.njconsumeraffairs.gov/lgccc/Pages/registration.aspx> for information on how to register your organization.

Applying for a Bingo or Raffle License

1. Submit complete application to the Clerk as far in advance as possible.
A complete application includes:
 - 4 copies of the license application, each notarized and with original signatures
 - A check made out to Legalized Games of Chance Control Commission (LGCCC) for the appropriate amount
 - A check made out to the Borough of Metuchen for the same amount
 - A sample ticket if the raffle is an off-premise raffle (off-premise meaning that tickets will be printed and sold ahead of the date of the drawing)
 - The organization's **original** State Registration Certificate, which must be valid through the date of the raffle

2. The Clerk will send the application to the Legalized Games of Chance Control Commission. Barring any questions or problems from the State regarding the application, the license will be issued two weeks from the date it is sent to the State.

3. After the bingo or raffle event is held, the licensee must file a Report of Operations with the Legalized Games of Chance Commission by the 15th of the month immediately following the month in which the raffle was held. If any additional fees are owed to the LGCCC, the same amount is owed to the Borough.
